Seam-Driven Image Stitching

Junhong Gao[1], Yu Li[1], Tat-Jun Chin[2], Michael S. Brown[1]

National University of Singapore[1]   The University of Adelaide[2]

Description

In this supplemental material, we show the input images and intermediate results for the panoramas shown in figure 4 of the paper. The intermediate steps show the image alignment and the seam-cuts.

Figure 1: *Intermediate results for the first panorama in Figure 4 of the submitted paper.*

Figure 2: *Intermediate results for the second panorama in Figure 4 of the submitted paper.*
